YOU NEED NOT COMPLETE THIS FORM IF -

1. The tank has never been used to store "Regulated Substances" as defined in the Definitions section.
   OR
2. The underground tank(s) meets the definition of any exemption listed in paragraphs 4a. through j., in the Definitions section.
   OR
3. The tank was not in use on January 1, 1974, and has not been used since that date.
   OR
4. The tank has been removed from the ground.

(Tanks filled with sand, dirt, etc., MUST be reported.)

YOU ARE REQUIRED BY LAW TO NOTIFY IF -

You own or operate a facility containing "underground tanks" meeting the definition in the Definition section.

WHERE AND HOW TO NOTIFY

Complete and sign this notification, attach the computed fee due, and mail to the:

Iowa Department of Water, Air and Waste Management 900 East Grand, Des Moines, IA 50319, ATTENTION: TANKS

If you have any questions, contract the Department at 515/281-8692.

WHEN TO NOTIFY

You must make notification of all reportable underground tanks as follows:

a. For all tanks in use on July 1, 1985, make notification before May 1, 1986.

b. For all tanks not in use on July 1, 1985, and still in the ground, make notification before May 8, 1986.

c. For all tanks put into use after July 1, 1985, make notification within 30 days of installation.

DEFINITIONS

1. OPERATOR means a person in control of, or having responsibility for, the daily operation of the underground storage tank.

2. OWNER means the person who owns an underground storage tank used for storage, use or dispensing of regulated substances. If the tank was not used on or after July 1, 1985, the owner is the person who owned the tank immediately before the discontinuation from use.

3. REGULATED SUBSTANCE means any substance defined in 900—135.2 Iowa Administrative Code. They include regulated substances designated in Table 302.4 of 40 CFR Part 302 (April 4, 1985), and petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure. Substances which exhibit the characteristics identified in 40 CFR 261.20 through 261.24 (May 10, 1984) and which are not excluded from regulation as a hazardous waste under 40 CFR 261.4(b) (May 10, 1984) are regulated substances. However, regulated substance does not include a substance regulated as a hazardous waste under the Resource Conservation and Recovery Act of 1976. (42 U.S.C. §3251 et seq.)

4. UNDERGROUND STORAGE TANK means one or a combination of tanks, including underground pipes connected to the tanks which are used to contain an accumulation of regulated substances and the volume of which, including the volume of the underground pipes, is ten percent or more beneath the surface of the ground. "Underground storage tank" DOES NOT include:

a. Farm or residential tanks of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes

b. Tanks used for storing heating oil for consumptive use on the premises where stored.

c. Residential septic tanks.

d. Pipeline facilities regulated under the Natural Gas Pipeline Safety Act, the Hazardous Liquid Pipeline Safety Act of 1979, or a facility regulated under Chapter 479, Code of Iowa.

e. A surface impoundment, pit, pond or lagoon.

f. A storm water or wastewater collection system.

g. A flow-through process tank.

h. A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.

i. A storage tank situated in an underground area including, but not limited to a basement, cellar, mineworking, drift, shaft or tunnel if the storage tank is situated upon or above the surface of the floor.

j. The term "underground storage tank" does not include pipes connected to a tank described in paragraphs a. through i., above.

INSTRUCTIONS FOR COMPLETION OF THE NOTIFICATION FOR UNDE

(Except for item 7b, Signature, print in ink or typew

1. TANK LOCATION. One form is to be filled out for each tank location. and range of the tank location can be found on your abstract or by conta Optionally, complete only the street address of the tank location.

2. BUSINESS MAILING ADDRESS OF FACILITY WHERE TANK IS LOCATED. Complete in item 1b.

3. OWNER OF TANK. In addition to the requested information, be sure to of this item. If this facility is federally owned, include the GAO-ID n service and ownership of the tank cannot be determined, indicate by mark

4. CONTACT PERSON FOR THE FACILITY. List that person meeting the definit section).

5. a. TANK NUMBER. Report only one tank per line. If more than ten tan locate, continue the tank numbering with number 11 on an additional item 7. List the total number of tanks reported on all forms and f

b. TANK STATUS. Indicate whether the tank was in use after July 1,

c. DATE TANK INSTALLED. Enter the date the tank was installed. If when the tank was put in the ground. If the tank was previously use

d. TANK CAPACITY. Enter the tank's capacity, in U.S. gallons. Esti

e. MATERIAL OF CONSTRUCTION. Indicate the material of construction constructed of material other than steel or fiberglass reinforced p construction.

f. INTERNAL PROTECTION. Indicate whether the tank has any internal other than that shown in item e:

A coated tank is one which a liquid was applied to its external brush, etc., for the purpose of protecting the tank against corr

A wrapped tank is one which the external surface is covered with for the purpose of protecting the tank against corrosion.

Cathodic protection means corrosion protection for an undergroun tinuous electric current to flow from one or more electrodes or structure.

g. EXTERNAL PROTECTION. Indicate whether the tank has any external covering the material shown in item e. Use the preceding definition

h. SUBSTANCE TYPE. Identify the substances contained in the tank. I identify all substances. If additional space is needed, attach a li number.

i. TANKS OUT OF USE. For DATE OF LAST USE, if the tank was checked month and year when last used. If necessary, estimate the date. A LEFT IN TANK. Indicate by checking the appropriate box whether or inert material (e.g., sand, soil or cement)

6. FEE COMPUTATION. Enter the total number of tanks reported, includi pages, and multiply the quantity by $5.00 to obtain the total fee due tion shown in item 1b. If you are remitting one check or money order location, attach all of the forms securely to the check or money order.

7. CERTIFICATION. The owner or authorized representative must sign and provided.

DEFINITIONS

1. **OPERATOR** means a person in control of, or having responsibility for, the daily operation of the underground storage tank.

2. **OWNER** means the person who owns an underground storage tank used for storage, use or dispensing of regulated substances. If the tank was not used on or after July 1, 1985, the owner is the person who owned the tank immediately before the discontinuation from use.

3. **REGULATED SUBSTANCE** means any substance defined in 900—135.2 Iowa Administrative Code. They include regulated substances designated in Table 302.4 of 40 CFR Part 302 (April 4, 1985), and petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure. Substances which exhibit the characteristics identified in 40 CFR 261.20 through 261.24 (May 10, 1984) and which are not excluded from regulation as a hazardous waste under 40 CFR 261.4(b) (May 10, 1984) are regulated substances. However, regulated substance does not include a substance regulated as a hazardous waste under the Resource Conservation and Recovery Act of 1976. (42 U.S.C. §3251 et seq.)

4. **UNDERGROUND STORAGE TANK** means one or a combination of tanks, including underground pipes connected to the tanks which are used to contain an accumulation of regulated substances and the volume of which, including the volume of the underground pipes, is ten percent or more beneath the surface of the ground. "Underground storage tank" DOES NOT include:

   a. Farm or residential tanks of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes

   b. Tanks used for storing heating oil for consumptive use on the premises where stored.

   c. Residential septic tanks.

   d. Pipeline facilities regulated under the Natural Gas Pipeline Safety Act, the Hazardous Liquid Pipeline Safety Act of 1979, or a facility regulated under Chapter 479, Code of Iowa.

   e. A surface impoundment, pit, pond or lagoon.

   f. A storm water or wastewater collection system.

   g. A flow-through process tank.

   h. A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.

   i. A storage tank situated in an underground area including, but not limited to a basement, cellar, mineworking, drift, shaft or tunnel if the storage tank is situated upon or above the surface of the floor.

   j. The term "underground storage tank" does not include pipes connected to a tank described in paragraphs a. through i., above.

INSTRUCTIONS FOR COMPLETION OF THE NOTIFICATION FOR UNDERGROUND STORAGE TANKS

(Except for item 7b, Signature, print in ink or typewrite all entries.)

1. **TANK LOCATION.** One form is to be filled out for each tank location. The quarter section, section, township and range of the tank location can be found on your abstract or by contacting your county auditor/ recorder. Optionally, complete only the street address of the tank location.

2. **BUSINESS MAILING ADDRESS OF FACILITY WHERE TANK IS LOCATED.** Complete if different than the street address in item 1b.

3. **OWNER OF TANK.** In addition to the requested information, be sure to check the appropriate box at the bottom of this item. If this facility is federally owned, include the GAO-ID number. If a tank has been taken out of service and ownership of the tank cannot be determined, indicate by marking the appropriate box.

4. **CONTACT PERSON FOR THE FACILITY.** List that person meeting the definition of "Operator" (see Definitions section).

5. a. **TANK NUMBER.** Report only one tank per line. If more than ten tanks are being reported for the same locale, continue the tank numbering with number 11 on an additional page, and complete items 1 to 5, and item 7. List the total number of tanks reported on all forms and fee due under item 6 on page 1, only.

   b. **TANK STATUS.** Indicate whether the tank was in use after July 1, 1985, or out of use on that date.

   c. **DATE TANK INSTALLED.** Enter the date the tank was installed. If necessary, estimate the month and year when the tank was put in the ground. If the tank was previously used, enter date of first installation.

   d. **TANK CAPACITY.** Enter the tank's capacity, in U.S. gallons. Estimate, if necessary.

   e. **MATERIAL OF CONSTRUCTION.** Indicate the material of construction for tanks and distribution pipes. If constructed of material other than steel or fiberglass reinforced plastic (FRP), indicate material of construction.

   f. **INTERNAL PROTECTION.** Indicate whether the tank has any internal protective device or material other than that shown in item e:

      A coated tank is one which a liquid was applied to its external surface by means of a spray, brush, etc., for the purpose of protecting the tank against corrosion.

      A wrapped tank is one which the external surface is covered with a fabric and/or non-fabric tape for the purpose of protecting the tank against corrosion.

      Cathodic protection means corrosion protection for an underground metal tank or pipe by causing a continuous electric current to flow from one or more electrodes or a sacrificial anode to the protected structure.

   g. **EXTERNAL PROTECTION.** Indicate whether the tank has any external protective device or material covering the material shown in item e. Use the preceding definitions.

   h. **SUBSTANCE TYPE.** Identify the substances contained in the tank. If the tank contains mixed substances, identify all substances. If additional space is needed, attach a list of substances referencing the tank number.

   i. **TANKS OUT OF USE.** For DATE OF LAST USE, if the tank was checked "out of use" (item 5b), provide the month and year when last used. If necessary, estimate the date. Also, enter an estimate of the QUANTITY LEFT IN TANK. Indicate by checking the appropriate box whether or not the tank has been filled with an inert material (e.g., sand, soil or cement)

6. **FEE COMPUTATION.** Enter the total number of tanks reported, including any tanks identified on attached pages, and multiply the quantity by $5.00 to obtain the total fee due for the tanks reported at the location shown in item 1b. If you are remitting one check or money order covering more than one reported tank location, attach all of the forms securely to the check or money order.

7. **CERTIFICATION.** The owner or authorized representative must sign and date each form submitted in the space provided.

Dear Ms. Campbell:

Enclosed is an affidavit from Gary B. Pool, General Manager of Nishnabotna Valley Rural Electric Cooperative declaring that the REC's underground storage tank was taken out of operation prior to January 1, 1974. If further action is necessary to be granted an exemption on this tank, please let me know.

If this affidavit is supposed to be filed with another person at DNR, please forward it to the appropriate person.

Very truly yours,

WASKER, SULLIVAN & WARD

ACC:kw
Enclosure

AFFIDAVIT

January 1, 1974 Exclusion

STATE OF IOWA
ss:
COUNTY OF Shelby

I, Gary B. Pool General Mgr., being duly sworn state the following to be
Nishnabotna Valley REC
true and correct to the best of my knowledge:

1) I am the owner of 1 underground storage tanks as defined by Iowa code section 455b.471(6) located at the address of 1317 Chatburn Ave. Harlan, Iowa in the NE quarter of section 24, township 73, range 39 East/West,

2) That these tanks were taken out of operation prior to January 1, 1974,

3) That these tanks have not contained a regulated substance since January 1, 1974,

4) That these tanks do not currently contain an accumulation of a regulated substance, and

5) The execution of this instrument is my voluntary act and deed.

Subscribed and sworn to before me, Maxine M. Burlingham, a Notary Public in and for the State of Iowa, on this 10th day of October 19 91.

Maxine M. Burlingham (SEAL)
Notary Public

My commission expires 09/07/92.
